

MAY 2011 NEWSLETTER

Well, here we are nearing the end of our year! Can you believe that for some of your children the first year of pre-school is almost complete and for others, they will be “graduating” from their pre-school years! Tannis and myself have truly enjoyed spending our days with your children. All of them have grown and developed in so many ways…not a single day passes that we don’t marvel at their young minds!

FIELD TRIP INFORMATION:

- With the upcoming field trips, we will be taking a big yellow bus for both days!
- **The Farm** trip for the 4 year olds will be a combined trip for both the AM and PM classes. We will leave the school around 9:20am and return at 1pm. Our day will include the Spring Babies Program, a Tractor Ride and of course our Picnic!
- I will have a sign-up sheet for volunteers towards the end of May
- **The Heritage Park** trip for the 3 year olds will also leave around 9:20am and return at 1pm. Our day will include a picnic, animal encounters and a few other surprises!
- I will have a sign-up sheet for volunteers towards the end of May.

Dates to Remember:

- June 9: 3 year olds to Heritage Park
- June 15 : 4 year olds to Butterfield Acres
- June 21: Last day and year end party for the 3 year olds.
- June 22: Last day and year end Carnival Parties for each 4 year old class

News:

We now have a new Website that I am quite excited about! Although it doesn’t look incredibly different, our new site has a working Calendar on it…right on the home page! You are now able to drag your cursor over a hi-lited date to see reminders of special events, and school closure dates! As well, I am able to Blog on my homepage and upload our monthly newsletters so that you can find that information at the touch of a button and not root through your recycling bins! At this time, I will **not** be uploading the monthly snack charts as I am not comfortable

having our students names attached to our address information. If you should misplace your snack chart please avoid rooting through your recycling and just ask for a reminder!!

Final Notes:

- Please remember, cakes and cupcakes are not accepted for school snacks---especially morning classes when we serve snack at 10:30am! High sugar treats like these are of no nutritional value and are not supported by our Licensing Agent or the Health and Food Board!
- I will be processing May's fees on the weekend. As per usual, the credit cards will be processed automatically for Sunday May 1, Cheques will be deposited on Saturday but of course won't be processed until Monday, and those still paying with cash, I will need your fees on immediately!

Until next time.....

Marla Johnson
